• SPECIAL VICTORY CONDITION NOTES:

- a. **Light, the Rule of the Few:** If all **Crisis** Trap Class Chaos Cards are in play, the game ends and the Player/s with the least amount of them *[including NOT having any]* Win/Draw.
- b. **Harmony, the Rule of Balance:** Alternating each game:
 - i. **Speed, Rule of the First:** The first Player to Reveal a **Crisis** Trap Class Chaos Card instantly Wins.
 - ii. **Survival, Rule of the Last:** One by one, each Player Revealing a **Crisis** Trap Class Chaos Card instantly loses. The last Player without one, Wins.

2 PLAYER GAME NOTE: This is the best **Special Victory Condition** for a 2 Player Game. Just add a single **Crisis** Trap Class Chaos Card to the Deck, just count the next one to be Revealed; and alternate the Victory Condition each Game.

- c. **Dark, the Rule of the Many:** Once a Player Reveals Their 2nd **Crisis** Trap Class Chaos Card, the game ends automatically and that Player Wins.
- d. **Chaos, the Rule of the Impartial:** Simply a Game Timer. If all **Crisis** Trap Class Chaos Cards are in play, the game ends with no clear Winner *[see: (09-A) Soloverse - Deck-Builder (Game Rulebook): Victory Conditions: Rule 2b]*.
